SUBJECT	RYBAT CATIDE CAVATA Subject of		MICROFILM
<p style="text-align: center;">DECLASSIFIED DOI 70-17</p> <p>ACTION REQUIRED - REFERENCES</p> <p>REFERENCES: A. EGMA 62971, 6 September 1963 B. EGNA-27138, 28 February 1964</p> <p>1. When we sent out the original trace request from @FLEMING concerning Subject, we were sure we remembered some reference to Subject which didn't appear in his file. The comments in reference provided the necessary jog to our memory.</p> <p>2. In 1960 we maintained CALLIKAK on Dienststelle REINHARDT and on @REINHARDT's me. On 19 May and 1 June an individual calling from Koeln attempted to reach @REINHARDT and identified himself with the same last name as Subject. On 20 June 1960 this same person was in Munich and met with @REINHARDT. At the time we did not connect the caller with Subject and did not make a record of the name since there was nothing of substantive interest in the conversations.</p> <p>3. FLEMING has not told us where Subject is currently working in CATIDE, but if the caller was identical with Subject, it is probable that Subject is connected with Dienststelle REINHARDT.</p> <p>4. We agree that Subject is a logical candidate for one of the sources described by Identity 5 of reference. However the evidence is still not conclusive that Subject or any other CATIDER leaked information to Identity 5. In our opinion, it is possible that Subject and/or other CATIDERS may have leaked information on their own but it is doubtful that UTILITY ordered or condoned such leakages.</p> <p>5. With respect to further discussions on this topic with CAVATA, your attention is invited to paragraph 3 of FRAM 2077 20 January 1964</p> <p>APPROVED: []</p> <p>Distribution: 2 - Chief of Base, Bonn 2 - Chief, EE 2 - COS, Germany</p> <p style="text-align: right;">Group I Excluded from automatic downgrading and declassification</p> <p>2 - Chief, FOB</p>
